TeamSTEPPS® California Collaborative

Achieving Health Care Reliability with TeamSTEPPS®!
Strategies and Tools to Enhance Performance and Patient Safety

**Join us to:**

- **Cultivate** a team that achieves reliability
- **Prevent** medical errors
- **Improve** clinical and operational performance
- **Enhance** working relationships

Learn about the value proposition by joining us for an informational webinar on June 20 at 11:00am. Please register here.

In 6 months you will have a new patient safety paradigm, through our short immersion program enhanced with peer to peer learning. Your team of 4-6 will attend:

- Two in-person sessions
- Two all-collaborative webinars
- Team coaching calls throughout the six months

The Southern CA Cohort will meet from July through December.

Our Collaborative facilitator: Julia Slininger, RN, BS, CPHQ
VP, Regional Quality Network
Hospital Quality Institute, and
TeamSTEPPS® Master Trainer

TeamSTEPPS® is more than a suite of communication tools. This program is a vehicle for culture change that will enhance joy and meaning in the workplace, while making the care environment safer and more productive, achieving the Quadruple Aim through:

- **Leadership**
- **Situation Monitoring**
- **Mutual Support**
- **Communication**
