

Caring For Our Patients Who Are Homeless Summit

December 11, 2019
Mission Inn Hotel & Spa
Riverside Convention Center

The growing number of patients experiencing homelessness is among the major challenges of our time. These individuals have complex needs that require multi-faceted solutions. For many of California's hospitals, addressing these needs is not a matter of will, but of strategy.

Build upon and amplify the good work you are doing by participating in CHA's Caring for Our Homeless Patients Summit on December 11. The program will examine what is known about homelessness and explore ideas that you can adopt and tailor to help you meet your mission of care.

Leading industry experts will discuss:

- Perception vs. reality in homelessness
- Innovative strategies that curb the growth of this community
- Steps to break the generational cycle of homelessness
- Replicable programs that connect patients to community partners

Throughout the day, attendees will have the opportunity to interact with speakers, share ideas and connect with peers from across the state.

Recommended for

Emergency department professionals, CNO's, social workers, discharge planners, compliance, risk management, in-house counsel, physicians

New Livestream Option

Livestream allows you to hear and view the seminar from the convenience of your own office or conference room. Plus, multiple people can experience the seminar with a single registration fee. Livestream attendees can ask questions during the program, just like in-person attendees, and have the same access to presentations as in-person attendees.

Livestream tuition entitles the registrant to:

- A single connection to the event (NOTE: don't risk your connection by sharing with others — only one connection will be allowed.)
- CEs (you must attest to participation to receive CE credit) and complete a program evaluation.

Additional Participants Needing CEs:

Livestream participants who are not the registered attendee may receive CEs for \$35 each. Individuals requesting CE credit must attest to their participation in the Livestream event and pay by credit card.
