Leslie Luke
Group Program Manager
County of San Diego Office of Emergency Services

Leslie Luke is the group program manager for the County of San Diego’s Office of Emergency Services. He serves as the recovery coordinator for the County of San Diego and has been the Recovery Operational Area lead for five federally-declared disasters and numerous state-declared disasters. Leslie has participated on numerous DHS/FEMA Task Forces, projects and initiative and works closely with the California Office of Emergency Services and California Volunteers on numerous statewide initiatives. He coordinated the Commercial Mobile Alert System test in San Diego County. He is a member of the California Emergency Services Association (CESA), International Association of Emergency Managers (IAEM) and serves on the IAEM Conference Committee.

Interdependencies

Lessons Achieved

• Completed an Energy Resilience Plan
• Added additional positions in our EOC
• Initiated a Lifelines Project
  – Communication
  – Water
  – Wastewater
  – Fuel
  – Power and Natural Gas
• Focus groups per sector
  – Invited dependents

Generators

• Developed a countywide cross sector generator survey
  – Hospitals
  – Water Agencies
  – Wastewater Facilities
  – Jurisdictional Critical Facilities
  – Hotels/Motels
• Results will be entered in the United States Army Corp of Engineers
  – Reduces USACE response time.
• Private sector generator inventory database
• FEMA Region IX
• Governor’s Office of Emergency Services (Cal OES)
• CA National Guard
Fuel

- Countywide Generator Refueling Plan
  - Life safety and critical infrastructure facilities
  - Regional deliveries
  - Priority list
- Database of fuel transport companies
  - Including number of vehicles and drivers
- Jurisdictional on-site fuel storage
  - Capacity and delivery schedules

Survey

- Standardized across sectors
- Used to determine gaps
  - Type of generator
  - Lack of localized assets
  - Coordinated fuel deliveries
  - Propane
- Used as an Emergency Management Planning Tool
