A Message from our Executive Vice President . . . . . . . . . . Lynda Bartlett

Thank you to those who participated in the Disaster Drill in May. We had to be up early to get our assignments and the Drill gave us all an opportunity to show off our acting “chops”!! Morning coffee and donuts helped get us started!

Some construction has begun on the Emergency Department, thanks to the generosity of Sue and Bill Gross whose names now adorn the outside wall of the ER. A new MRI has been purchased and will be installed INSIDE the department, which thrills everyone involved. Currently our MRI is in a large trailer-like building on the outside of the building.

Have you begun collecting shoes for the July Shoe Drive yet? It will be held the entire month of July and the Salvation Army collects them and pays us .75 cents a pound, which goes into the Auxiliary kitty. Do ask neighbors, friends and family to look through their closets and pull out those shoes that they are NEVER going to wear again!!

Looking far ahead, be sure to put the Holiday Luncheon on your calendar. It will be held at the Hills Hotel (La Paz and the 5 Fwy) on Tuesday, December 8. Sally and Bea Ann are asking for raffle baskets to be donated. Let them know if you can provide one – or even just some items that could be included in a gift basket.

Summer is just around the corner, so I hope you are able to take time off to kick back and have some fun!

Lynda

A Message from our President . . . . . . . . . . Pat Moy

Greetings all,

Can you believe it is June? The time does seem to fly by!

I know as we approach the summer traveling season, many will have plans to be out and about. Please try and arrange coverage so your unit will not suffer. I know this isn’t always possible but at least try.

The “Hat’s off to You” recipients for the Quarter presented at our May General meeting were:

Theresa Lee, MV for her dedicated service to the Pharmacy for the past 20 years!

Pat Hall, LB for her outstanding service and commitment to the Reception Desk. Often working alone!

The FIRST award to staff was to Sue Hayes MV and the entire maternity nursing staff. To honor their support of the volunteers and their daily collaboration to ensure comfortable and efficient service for our patients.

The OCCHV (Orange County Council of Volunteers) mini conference on June 15th. If you are interested in attending, please notify me immediately.

We have a new brochure to give out when individuals inquire about volunteering. It is concise and direct. They have been placed in holders throughout the hospital. Holders for Reception desks have been ordered.

As you all are aware, Mission Hospital is a Level 2 Trauma Center.

Included is a chart I think you might find interesting. It covers January-December 2014. It is a synopsis of what type and the total count of traumas (see page 9).

Thank You for all you do! 

Pat
Manager of Volunteer Services - - - Alicia Hoover

A Month Full of Action!!!!!

Where did May go? It’s hard to believe that so much was packed into one month - CMS and Joint Commission surveys, developing competencies and scheduling of 140 volunteers to attend cleaning and disinfecting of wheelchairs, on boarding of 83 high school and 30 college students, High School board elections, selection of the 2015 Senior Recognition Award recipients, Emergency Disaster drill, High School Recognition Awards Banquet, etc. etc! Whoa! Time flies when you’re having fun!

I’d like to say thank you to Doris Ehner, Betty Thurston and Toni Evans for their participation in the selection of the Senior Recognition Awards and for attending the banquet. I’d also like to thank those who attended Dallas Volk’s farewell party. It was a special time and Dallas really soaked it all in!

Also, special shout out for our amazing patient actors in which 32 volunteers participated in the Earthquake drill at Mission Viejo campus and for the six volunteers at Laguna Beach. See some snapshots of Pat Di Fato, Jim Morris and Cookie Soland with real life looking injuries! A professional make-up artist attended and some of our braver volunteers participated with the grotesque moulage!

I’d also like to praise everyone who sent their love via cards, prayers and thoughts with regards to Sue Marshall and her family. You are a wonderful and loving Auxiliary family and it means the world to her to know you send your care and concern. While I do not have any additional news to report at the time of this writing, please continue to think positive thoughts and pray for Sue and her beautiful family.

Report from Vice Pres. - Membership ............. Sandy Sharp

Summer is right around the corner and a lot of you are ramping up the vacation plans. Just a reminder to give your service chairperson notice if you plan on being absent from your shift.

We had 14 new members start after the May5 orientation so be sure to welcome them when you see them in the cafeteria and hallways. We had planned a Welcome reception for all the 2015 new members but had to cancel since not enough volunteers were able to attend. For now, any future receptions are on hold.

By the time you read this, you will have seen that a List of Openings is posted on the Auxiliary bulletin board. Please read the cover notice attached to the List as it describes the procedure for changing or adding a service. Do not write your name on any of the openings listed or make any changes to the openings on the list. If you see something on the list that is inaccurate, please contact me so I can make the change. I will try to keep the List as accurate as possible but always check with the Service Chair of the particular Service that you are interested in to make sure it is still available. As I fill the shifts with new applicants, I will mark the shifts off the List as I go along and will reprint at least once a month. Feel free to call or email me if you have any questions or suggestions.

The next orientation is July 7. Thanks to all of you who have referred friends and neighbors to us. Keep it up - your enthusiasm is contagious. Have a great summer .... Sandy
Dr. Victor Cachia, the podiatrist who spoke at our last General Meeting, remarked later how appreciative he was of all the many things our volunteers do for the hospital and also of being so well received. It was obvious by the many questions fielded him after his talk, our members have foot and ankles issues.

Be sure you have December 8th circled on your calendars for the Holiday Luncheon at The Hills Hotel. More information will follow, however, a "head's up" to those services whose turn it is to provide this ONCE EVERY OTHER YEAR Opportunity Basket (ARU, BFR, CG, CHOC, CPR, IMAG, MED TELE, MST1, NSI, 0H, PCSU, PHM, PS, RDT1).

Keep in mind when you patronize businesses this Summer and Fall that gift cards from restaurants, hair, nail or spa salons are always welcome. Our tax ID number is available for those who need it. Until then...may you have a nice summer.

**“LIGHT UP A LIFE” ANNUAL EVENT**

Please mark your calendar today!!! Our Annual “Light Up A Life” Ceremony is scheduled for Sunday, December 6th. This event is one of the most beautiful ceremonies, with tributes to people who have made a difference in our lives or treasured people who have passed. The tree lighting and harp music are highlights, and the event only lasts one hour.

We would love to have you be a part of the Light Up A Life Committee to help with the planning and with the day of the event. Please contact us if you would like to participate. But most of all, we want you to attend on December 6th. It is a beautiful way to kick off the Holiday Season.

Cindy Hoffmann and Vicki Veal, Co-Chairs

From the California Association of Hospitals and Health Systems

For the past three years, I have served as a Region II Advisor for our state-wide volunteer leadership organization, C.A.H.H.S. It has been a great joy and honor for me to be a part of this organization, and it has helped all of us to stay current on volunteer issues. But my term is up at the end of this year and I am pleased to share that Kathy Mullins, a volunteer at St. Joseph’s, Orange, has agreed to be the new Region II Advisor. She will do an outstanding job, and she will be available to advise all of our volunteer organizations.

In 2016, I will become the Chair of the CAHHS Committee on Volunteers for the state. So hopefully, we will be able to “stay in the loop”. This will be a new adventure for me, but I look forward to the challenges. So, more to come….

Vicki represented Mission Hospital Auxiliary in OCCHV (Orange County Council of Hospital Volunteers) and then became an advisor with CAHHS (the state organization that OCCHV belongs to). As an advisor she has been available to all Auxiliaries in Region II to help with volunteer issues. She will be taking on a new position at the state level and we know she will do an awesome job.

Thank you for your service, Vicki and we wish you the best!!!

Review of Mechanism of Injury Data

The above graphs reflect the population we serve at Mission Hospital’s Level II Trauma Center. This study is by mechanism of injury for January-December 2014. Falling accidents represented the highest mechanism of injury, accounting for 42% of traumas. Auto accidents accounted for the second highest injuries at 28%, which historically, has always been among the highest percentage of trauma injury. Ocean injuries have slightly increased, and therefore, are considered in our prevention efforts since this injury is unique to our geographic location. All other mechanisms of injury were consistent with last year’s percentages.

The data provided from this study will be used to drive our injury prevention programs and community outreach. Mission Hospital has been actively involved with community outreach for over 30 years. We keep track of the injuries we see annually in our community and use this data as an opportunity to educate and provide outreach as needed.

Our goal for prevention outreach in 2015-2016 is to continue with our strong focus on drinking and driving education through the South County Safe Rides program. Youth Drug and Deterrence program and Mock Crashes (Every 15 minutes) for local high school campus events. Our recent involvement with the Down with Falls Coalition will help us to further our goals in providing outreach programs, education, and PSA’s to evolve and address this growing issue in our communities. We will also continue to highlight dangers for ocean injuries during seasonal periods to enhance awareness.

It’s Always a Good Day to Do the Right Thing!

Time is elusive. One day melts into the next and by the end of most days, we question what actually happened to the day and what we accomplished. We’re aware of time slipping away, perhaps when we blow out another birthday candle, and we’re awed by how fast time goes. In fact, the older we get, the more we’re sure it speeds up. Those twenty-four hours in the day surely go by more quickly than then did when we were kids waiting for Christmas to come.

We have to be as intentional about time as we are about other things. In God’s view, He sees us as having a finite amount of time to get His work done and to do as much good for as many people as possible. We are his ambassadors.

As you step into a new day, be conscious of the moments and how you are using your time. Be aware of the good you can do in a matter of minutes when the opportunity presents itself. It’s part of your calling.

“We must use time creatively…..and forever realize that the time is always ripe to do right.”
