LATEST CENSUS DATA ON AGING

Ventura County
- 28,305 adults over 60 living alone
- 6,611 seniors 65 and older and disabled
- To find out about 150 non-profit programs serving our seniors, contact CAREGIVERS for personal assistance. We'll help guide you in the right direction.

California
- Foundation giving has shown an overall steady increase in CA, however, funding to the aging population has actually shown a decrease. The elderly population accounted for only about 1.24% percent of the total foundation giving of $2.9B in CA.*
  * Distribution of Grants from the Foundation Center to Recipients in California by Population Group, from 2002 to 2012

The Nation
- 2020: First time in history that People Over 65 outnumber Children Under Five
- 2040: Seniors are 21.7% of the U.S. population
- Social Security constituted 90% or more of the income received by 35% of beneficiaries in 2013
- Volunteer Caregiving is now represented in over 650 programs throughout the U.S.
